Band Together

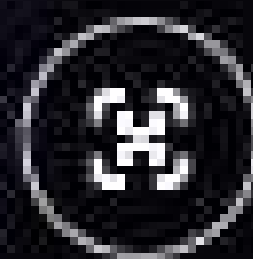

A reminder we all have someone to drive safely for.

Black armbands have been worn on the field to honour a death in the community for decades. This weekend, every football club and their entire community are wearing a new kind of armband, to show their commitment to eliminating deaths and serious injuries on our roads. And you can too.

WEAR

Pick up a band from your local football club and wear it this weekend.

SCAN

Scan the band to hear someone else's reason for wearing it.

Concerned your kids think betting on sport is normal?

The first generation to grow up with sports betting ads – young men (18 to 24 years) – make up a third of sports bettors in Victoria, and participation by young women is rising.*

Start a conversation with the young people in your life today about the risks associated with sports betting, by asking:

- What do you think about all the betting ads on TV?
- What are some of the risks involved in sports betting?
- Why do people bet on sport?
